

## Saluting Cannon

State receptions, royal birthdays, on the occasion of Ramadan celebrations, public holidays, commemorations, traditional events, etc: On a wide variety of occasions, the importance of the event is underlined and highlighted with gun salutes. They are without exception blank shots without a projectile, which merely produce a report, possibly in conjunction with smoke.

Both the Saluting cannon and Saluting cartridges do not have any offensive or defensive capability.

Saluting Cannon "Al-Khaleej" or "Barbara"

### Salting Cannon "Al-Khaleej" or "Barbara"

The Al-Khaleej is our largest most impressive and most decorative cannon. The design can be adapted to individual customer requirements.

The barrel can be manufactured in various colours and can be mounted on a steel or decorated timber gun carriage with steel/rubber or wooden wheels, depending on requirements.

It is even possible to engrave elaborate logos into the barrel or on to the gun carriage.

### Salting Cannon "M 635"

The M 635 is a cannon type which was already in use during the Second World War. Built as an exact replica of the original, this cannon is a reliable partner for traditional gun salutes.

The M 635 is available in 75 mm calibre.
